**6 Mayoral Minute**

The Mayor provided a verbal report on matters addressed by him since the last meeting.

Firstly congratulations to all elected members. It is a reflection on the communities belief that we will serve our communities well and make informed and considered decisions.

Since our Swearing in on Wednesday 15 April 2020 I have been actively participating in the following meetings.

- Covid-19 Business and Community Reference Group

This was meeting weekly but now meets fortnightly. I wish to acknowledge the leadership of the Chief Executive Officer Mitchell Murphy who has convened this group. It has been

extremely productive and allowed the members to hear directly from key authorities. The mood is generally positive. I would like the Chief Executive Officer to continue the meetings as they are very well attended, with an open invitation for Councillors to attend. Really useful community engagement, with very professional facilitation from the Chief Executive Officer.

- **Local Disaster Management Group**  
I've assumed the Chair of our Local Disaster Management Group, which has been meeting fortnightly in response to COVID-19.
- **District Disaster Management Group**  
I've started representing Council on the District Disaster Management Group (DDMG) which is chaired by Inspector Julia Cook, Queensland Police Service.
- **Premiers Weekly teleconference**  
I've been invited to attend a weekly teleconference with the Premier, key members of Cabinet, and Emergency Officials for the benefit of all mayors in Queensland. It is unclear on how long they will run for, but they provide some useful insights into the COVID-19 response at a state level.
- **Teleconference with Minister Hinchliffe and Warwick Agnew (Director-General of the Department of Local Government, Racing and Multicultural Affairs)**  
I attended a teleconference with the Minister and Director-General. They are looking for data detailing the impact of COVID-19 on Council, which we will be happy to provide.

Last Friday I commenced formal engagement with local businesses. They are appreciative of our early engagement and discussion.

On Monday Cr Smith and I travelled to Ilfracombe, Isisford, and Yaraka. We met up with Councillors Hatch and Cr Bignell respectively, inspecting Council assets and facilities in each community, also meeting local businesses and residents. It was a valuable opportunity to assess road conditions, grids, the tidiness of towns, gardens, and parks. I would like to make this a monthly event with the invitation open to other Councillors. I encourage Councillors, as often as possible, to meet someone new, either a resident or business, and introduce yourself.

As mentioned previously my intention is to travel monthly with an available councillor and meet with different residents and businesses. If appropriate (*with Chief Executive Officer support*) I believe meeting staff in the field would demonstrate our genuine interest in their work and allow us to be aware of challenges and projects. Say hello to Council Staff and show genuine interest in what the Council Staff are doing whilst not getting involved operationally.

Next Tuesday we are meeting with the Executive of Longreach Regional Enterprise (LRE) to discuss support and recovery mechanisms for local businesses. We will explain to Longreach Regional Enterprise that the recovery function is a role that under Disaster Management protocols is managed by a task force who represent various agencies at State and Federal level. Council have a clear and key role to play in advocacy at State and Federal level. RAPAD have just appointed two new small business financial counsellors to assist in the support and recovery process. In addition Prue Button has been engaged to deliver online assistance and advice. Longreach Regional Council will be active in the recovery role as one of a number of partners.

I believe it is important that we articulate the reality of the financial impact COVID-19 will have on Council, and all businesses, and how we also need to make necessary adjustments while still delivering essential services to each of our communities. The world will change as a result of

COVID-19 and this extends to our towns and the way in which Council delivers services. Our most important role going forward will be one of advocacy.
