Road Condition Reports will be updated only as situations change & roads reopen. It is advised that motorists proceed with **extreme caution**, traversing all roads listed, or not listed above as they may not have been inspected at the time this condition report was released & conditions are constantly changing. Caution is urged if traversing flooded creek crossings as road surfaces may be damaged; submerged matter may not be clearly visible, and underlying currents can be swift. Road shoulders of sealed roads generally become soft during heavy rain events and divergence off the bitumen seal is discouraged.

If you become aware of changed or unsafe road conditions that Council may not be aware of, or for any enquiries, please call the office on (07) 4658 4111 or email council@longreach.qld.gov.au.

Information concerning all state road conditions can be found at www.131940.qld.gov.au or by phoning 13 19 40
